

# MALKI MOHAMED

## Full-stack Developer

**Address:** 17Street3 Tibouklaline, Azrou  
**Phone:** 0684671656  
**Email:** malkimohamed1202@gmail.com

### SUMMARY

Junior full-stack developer. I worked with Laravel, Node.js, React, MySQL, and APIs through different school and personal projects. I focus on writing clean code and understanding how things work. I'm looking for an internship or junior position to grow my skills and gain real experience in a professional environment.

### WORK EXPERIENCE & PROJECTS

<b>AUI Student Dashboard (1 month Internship)</b>	<b>Mar 2025</b>
<ul style="list-style-type: none"><li>• Worked on the frontend of an internal dashboard using React and Material UI.</li><li>• Developed the authentication page with Outlook login integration.</li><li>• Built pages to search students by ID and view their profiles.</li><li>• Added multiple graphs and visual components for application and enrollment stats.</li><li>• created API connections from the frontend side</li></ul>	
<b>Online Exams App</b>	<b>Apr 2025</b>
<ul style="list-style-type: none"><li>• Built a full system to manage exams, users, and roles with secure authentication.</li><li>• Created dashboards with graphs, statistics, PDFs, and Excel summaries.</li><li>• Developed exam features: MCQs/open-ended, time limits, anti-cheating, instant results, and teacher feedback.</li><li>• Handled frontend with Blade + Tailwind CSS, connected to backend APIs, ensuring a responsive and clean UI.</li><li>• Tech: Laravel, Blade, Tailwind CSS, MySQL</li></ul>
